REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1,3,5,8-13,16-21,24-29,32-36,38,41-46,49-54,57-62 and 65-81 are allowed because the prior art did not teach or reasonably suggest a method for routing traffic from a source to a routing destination in a network using intersecting circles as claimed in the claims. Using a plurality of intersecting circles that uses distance equivalents as the radius of circles with the source locations as the center and determine the physical location of the routing destination from the intersection of the circles are new, novel and patentable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
